# Other Changes to Operating Plan Files

- Commitments and Professional School Revenue sheets are read only
  - Previously planned commitments and professional school revenue are still reflected on the planning sheet

# Update the Forecast

- Compare your forecast total to your budget throughout the forecasting process
- Update Labor Plan files as you normally would for turnover, new hires, changes in funding, or personnel related operational changes
- Adjust your Operating Plan file for timing and operational changes
- Review the impact of Commitments carefully

# Updating Travel Expense Example

Selected Account Block		FY19-20 Actuals Total	FY20-21 Actuals Total	FY21-22 Final Budget
Account Block	Budget Group			
Travel		5,571	99	18,000

## UC DAVIS | BUDGET AND INSTITUTIONAL ANALYSIS

- UC DAVIS | BUDGET AND INSTITUTIONAL ANALYSIS

UC DAVIS | BUDGET AND INSTITUTIONAL ANALYSIS

Quiz!

# Which of these are optional for FY2021-22?

- A. Budget
- B. Q1 forecast
- C. Q2 forecast
- D. All of the above

# Why should you edit plan files during Q1 forecast?

- A. To get a clearer picture of where my unit stands financially
- B. To report internally
- C. To impress my boss
- D. To get a head start on Q2 edits

# Self-Directed Variance Analysis

Check out the [Variance Reporting Guide](#) in the Help Documents Library

# 12-Month Projection

- Allows users to project a fiscal year's financials by blending monthly actuals with a version of the user's choosing (usually the most recent forecast or budget). The projected year-end totals are compared with a version of the user's choosing. This report displays carryforward, sources, and uses of funds with detail by budget group (source or use categories).
- *Try running this report to project the current fiscal year's financial performance and compare it the budget or the prior year's actual financial performance.*

# Org Comparison Report

- Allows users to compare a budget group class, budget group category, or budget group across organizations for two versions of the user's choosing.
- *This report is particularly useful for analyzing financial data across organizations to identify sources of large variances*

# Projection Summary Report

- Similar to the "12 Month Projection Report", allows users to generate a projection by combining YTD actuals and a plan version.
- Sources displayed by Fund Category instead of Budget Group

## Projection Summary: 3-BRMP - BUDGET AND INSTITUTIONAL ANALYSIS

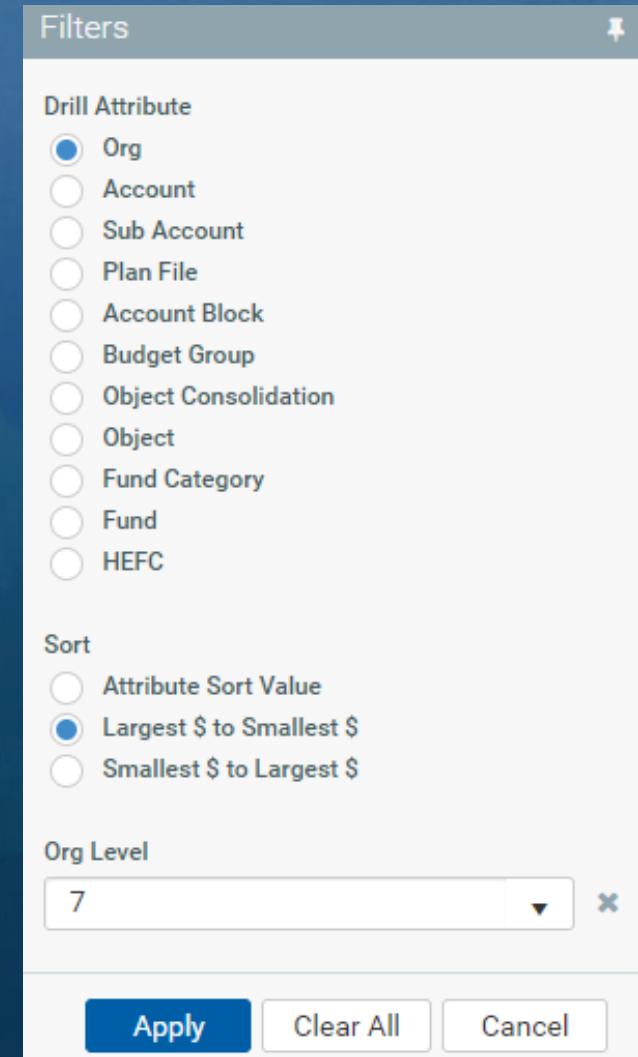

Financial >> Analytical >> [Projection Summary](#)

April - Filters: Exclude Fund Categories (800)						
Budget Group	Annual Total	April	April Year-to-Date	May - June	FY 2020-21	
	Budget Final FY2020-21	Actuals FY 2020-21	Actuals FY 2020-21	Forecast FY2020-21 (06/06)	=	Projection
Prior Year Carryforward Balance	1,217,264	-	1,217,264	-		1,217,264

<b>Total Sources</b>	<b>5,790,500</b>	<b>(108,071)</b>	<b>5,225,667</b>	<b>(62,947)</b>		<b>5,162,720</b>

# Drill

- Updated Interface
- Drill Panel moved to the Filter Panel
- Budget Group and HEFC are selectable drill attributes
- Sort Options – default is Largest \$ to Smallest \$
- Org Level Selector – default is 1 level down
- Transaction Drill – Updated Interface and Sort Options

The screenshot shows a 'Filters' dialog box with a title bar and a close button. It contains three sections: 'Drill Attribute' with a list of radio buttons, 'Sort' with a list of radio buttons, and 'Org Level' with a text input field and a dropdown arrow. At the bottom are three buttons: 'Apply', 'Clear All', and 'Cancel'.

**Filters**

**Drill Attribute**

- ☒ Org
- ☐ Account
- ☐ Sub Account
- ☐ Plan File
- ☐ Account Block
- ☐ Budget Group
- ☐ Object Consolidation
- ☐ Object
- ☐ Fund Category
- ☐ Fund
- ☐ HEFC

**Sort**

- ☐ Attribute Sort Value
- ☒ Largest \$ to Smallest \$
- ☐ Smallest \$ to Largest \$

**Org Level**

7

**Apply** **Clear All** **Cancel**

# Poll!

# Drill panel preference

- A. Keep the drill options panel on the report face
- B. Move the drill options to the filter panel like the reports
- C. Huh?

# What new drill enhancement appears the most helpful?

- A. Budget Group / HEFC drill attributes
- B. Org Level drilling
- C. Drill Value Sorting
- D. Transaction Sorting

Quiz!

# What new attributes can you use to drill?

A. Specific Org Level

B. HEFC

C. Budget Group

D. Object

# Where is the drill filter located in the new drill report?

- A. In the filter panel
- B. Above the report
- C. On the Sources & Uses report
- D. Under the ? Button

# Thank you
