

BELI Code

The Benefits Eligibility Level Indicator (BELI) code determines for which benefit package, if any, an employee is eligible. Each employee must be assigned a BELI code at the time of hire or rehire or be re-evaluated when there is a change to the employee's personnel status. The BELI code is entered on the EPER screen in PPS.

***Method 1: Eligibility based on Appointment Criteria**

Employee must have an appointment which is eligible for benefits and satisfy minimum percent and duration(+) of appointment requirements.

(+) If appointment end date is due to funding or visa purposes, and the intention of the appointment is to be 12 months or more at 50% time or more, the BELI code may be based on the intent of the position by assigning the appropriate Duration Indicator:

- "B" - Indefinite, with an appointment end date for budgetary purposes
 - "V" - For visa purposes only
-

****Method 2: Eligibility based on Hours on Pay Status**

Once an employee had accumulated a certain number of eligible hours in a given 12-consecutive month period, the employee automatically qualifies for Full-Benefits and UCRP membership if appointed in a UCRP includable title.

Hour thresholds are:

- 1000 hours for Non-Student Staff and Academic Titles (excluding IX Unit employees)
 - Includes the following appointment types
 - Contract (Appointment Type "1")
 - Limited (Appointment Type "3")
 - Certain Academic (Appointment Type "5")
- 750 hours for Non-Senate Faculty
 - Covered Member of the IX Unit

Does not apply to individuals where Student Status is:

- "3" or "6" - UC Undergraduate Student*
- "4" or "7" - UC Graduate Student

**Beginning 1/1/16 – employees in casual-restricted or per diem titles can be eligible to be offered CORE benefits (BELI 4) – if they are appointed to work at least 75% (30 hours per week) or work that average of hours within a 12-month period based on the OP standard measurement period that began in October 2015.*

Continuing Eligibility

Once initial eligibility is established, employee must be appointed in an appointment that is in a benefit-eligible category and maintain a rolling 12-month average paid time of at least 17.5 hours per week to remain benefit-eligible. The Affordable Care Act (ACA) regulations took effect on 1/1/16 for UC Employees. All employees who were at a particular BELI level as captured on 10/1/15 will retain that level, regardless of the percent of time worked until the next measurement period occurs(10/1/16), they are separated from the University, or they move to another type of appointment with different Benefits rules (e.g, Post-Docs or Graduate Students with GSHIP coverage).

Preparer Tip

When assigning a BELI code, consider the following:

Initial Hire/Rehire	Continuing Employment
Appointment Attributes <ul style="list-style-type: none">• Type• Title• Percentage Time• Duration	Appointment Attributes <ul style="list-style-type: none">• Type• Title• Description of Service (DOS) code
For rehired employees, if appointed in UCRP-includable title, must consider eligible hours worked within 12-month period prior to month of rehire date before considering percentage time and duration of new appointment.	Exclude zero-%-time reported DOS codes <ul style="list-style-type: none">• Consecutive periods at 50% time or more in benefit-eligible appointments (See Continuing Eligibility)
	Employment Attributes <ul style="list-style-type: none">• 12-month total of eligible hours worked (IHR2 screen)• 12-month rolling average hours (IHRS screen)
